SUMMARY

Dynamic Managing Director | Expertise in HVAC & Building Maintenance

Results-driven leader with a robust foundation in design and development, honed through experience with a major HVAC manufacturer. Proven ability to oversee end-to-end technical operations, on-site project execution, and strategic business growth. With an MBA in Business Management, I excel in optimizing daily operations, financial oversight, and resource allocation to drive sustainable expansion.

Bringing extensive international exposure from studies in Japan, Hong Kong, and the United States, I thrive in multicultural environments and excel at building and leading diverse, high-performing teams. This global perspective fuels my ability to adapt, innovate, and navigate complex, dynamic markets with agility and insight.

PROFESSIONAL EXPERIENCE

Asahi Techno Service, Ltd.

Kanagawa, JAPAN

Managing Director

Jan 2023 – Present

Asahi Techno Service specializes in comprehensive building and facility management. Primarily operating in Kanagawa Prefecture, it has a 30-year history of success and achievement. As the Managing Director, I oversee technical management, finance, and labor administration.

Johnson Controls - Hitachi Air Conditioning, Inc.

Shizuoka, JAPAN

Assistant Senior Engineer

Apr 2011 – Jun 2021

Johnson Controls - Hitachi Air Conditioning manufactures, sells, and provides after-sales service for Hitachi-branded HVAC equipment. As the lead engineer in charge of design and development for commercial air conditioning systems, I contributed to the development of new products. I specialize in the design of mechanical components such as heat exchangers and in refrigeration cycle control technologies.
